

GENTRY STANDARD

- **Double Low E High performance energy efficient windows**
- **90+ high efficient condensing gas furnace**
- **14 Seer high efficient dual fuel heat pump**
- **Designed fresh air ventilation**
- **Energy Star programmable thermostat**
- **3% total duct leakage.
(6% duct leakage allowed outside the conditioned space for Energy Star homes.)**
- **High efficient power vent water heater**
- **Range hood, and bathroom fan vents exhausted to the outside**
- **Dual carbon monoxide, and smoke detectors**
- **Sealed high efficient can lights**

GENTRY STANDARD

- **Performance tested**

INDUSTRY STANDARD

- Thermopane windows**
- 80% efficient furnace**
- 13 Seer Air conditioner**
- No fresh air**
- Static thermostat**
- No duct leakage requirement**
- Conventional water heater**
- Bathroom fan vents exhausted to outside**
- Smoke detectors only**
- Non-sealed can lights**

INDUSTRY STANDARD

- No performance testing**
